

2-PC STAINLESS COOKING SHELF

ASSEMBLY + INSTALLATION INSTRUCTIONS

1. Remove the grate from the packaging and place on a flat surface.
2. Identify the grate with four prongs and lift at an upward angle as shown below.
3. Insert the prongs into the bars of the second grate and lower into position.
4. If you haven't already, remove the existing expanded metal cooking shelf from your grill.
5. Install the assembled 2-pc grates by sliding them into position onto the support rail in the grill.
Like the expanded metal shelf, the new grates have a bracket that slides onto the support rails.
